

RGU gets community water purifier

RONO HILLS, Sep 24: A community water purifier has been installed here at the Rajiv Gandhi University campus. The Tata Swachh Tech Jal purifier has been installed at the initiative of RGU Teachers' Association. Inaugurating the purifier on Tuesday, Vice Chancellor of the University Prof Saket Kushwaha stated that it is an attempt towards providing clean and safe drinking water at low cost to the university community as the varsity has been facing the problem of water scarcity. He urged the members of the university to think for common cause and contribute towards proper management of the asset
