RGU inks MoU with Brno University of Technology

ITANAGAR, Oct 22: The Rajiv Gandhi University (RGU) today signed a memorandum of understanding (MoU) with the Brno University of Technology, Brno, Jihomoravskykraj, Czech Republic. As per the MoU, both varsities have agreed for collaborative researches in scientific issues of natural, engineering, and technical sciences as well as for research and student exchange programmes of faculty and students of both the universities in an academically mutually benefiting way towards establishing and foster scientific international communities. The MOU was signed in presence of Rajiv Gandhi University vice-chancellor Prof Saket Kushwaha at Rono Hills by registrar in-charge of RGU, Prof Tomo Riba and rector of Brno University of Technology, Prof Petr Stepanek. The MoU aims at providing new avenues for access, sharing and developing technical know-how between the two varsities initially for the next five years. Prof Kushwaha termed the inking of the MoU historic and a welcome step towards achieving academic heights on mutually benefiting parameters for the two nations. Earlier, RGU's joint registrar (Academic), Dr David Pertin while presenting the MoU mentioned that the joint venture will be academically very viable especially in terms of exchange avenues for students, academic fraternity and researchers alike, wherein any registered students or researchers of either of the varsities could get enrollment for a period of one semester and get benefited immensely.
