

Web based training programme on Plagiarism Detecting Software

RONO-HILLS, Jan 23: Plagiarism is now a days becoming a big threat in the field of research and academic development. Keeping in view of minimizing plagiarism and making the academic write-up original and creative, a one day Web Based Training Programme on URKUND-Plagiarism Detecting Software was held today in the Smart Conference Hall of the Department of Com-

puter Science and Engineering of Rajiv Gandhi University.

The programme was organized by the Central Library, Rajiv Gandhi University in collaboration with eGalactic URKUND training and support team. Faculty members and research scholars of various departments attended the training programme. Prof. P. K. Acharya, in-charge of the University Library offered

the welcome address and explained the importance of the training programme. Prof. Amitava Mitra, Pro Vice Chancellor of the University addressed the gathering and stressed on the topic in brief by highlighting the research ethics and academic publications with anti-plagiarism notions. Prof Tomo Riba, the Registrar of the University was also present in the programme. *(Cont. P.3)*

Web based training programme...

The web training was offered by the executives of the eGalactic, Pune, India, a service provider company of URKUND. URKUND offers a fully automated system for handling plagiarism. Under the aegis of Ministry of HRD, URKUND Plagiarism Detection Software has been selected by INFLIBNET Centre (Inter University Centre of UGC). It is being rolled out to all the Universities and Institutions (CFTIs and other Institute of National Importance) through centrally funded scheme to enhance the quality and the originality in academic and research works. The faculty members and the research scholars interacted discussed and raised questions on various issues during the session.

At the end Dr. D. K. Pandey, the Assistant University Librarian who is also Co-ordinator of the Urkund, Rajiv Gandhi University proposed the vote of thanks.
